Demo: Paragraphs vs Layout Builder

Let's build a page!

Layout Builder...

- improves the Content Editor experience through a more WYSIWYG process,
- aligns the distribution with the future of Drupal's [ambitious site building experience](#),
- conveys brand standards efficiently and accessibly

Daxko Update

Daxko Update

Steps to ensure that service is not disrupted:

If you don't already have API credentials for another purpose:

1. Contact your Daxko sales rep and request to purchase GroupEx PRO API Credentials. This requires an updated agreement and a pricing tier starting at \$39/month, based on call volume.
2. If you are unsure of who your sales rep is, please contact our support team at Support@grouppro.com and they will be happy to connect you
3. Sign the agreement to gain access to your API credentials
4. Provide your API key to ImageX so that they can set everything up from their end

If you already have API credentials for another purpose:

1. Provide your API key to ImageX so that they can set everything up from their end

GroupEx Pro Embed Update

- GXP “New” embed has been validated to work with all Open Y / YMCA Website Services themes.
- Look for the **New Schedule** toggle in your GXP admin
- **Uncheck Fixed Header** in the GXP admin
- If using the **Code Block** for the embed the new release has a fix to ensure code can be directly copy/pasted
- Work with Daxko & your dev partner for assistance

New Schedule

INFO GroupEx PRO now offers a new and improved member facing schedule. Customizable display settings option to align with your brand identity.

Use the following codes to embed

Fixed Header ?
